## PATENT ASSIGNMENT

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, Walker Digital, LLC, a Delaware limited liability company, having offices at Two High Ridge Park Rd., Stamford, CT 06905, ("Assignor"), subject to the terms of the Purchase and License Agreement made and entered into between the parties hereto on August 10, 2009 (the "Purchase and License Agreement") does hereby sell, assign, transfer, and convey unto IGT, a Nevada corporation, having an office at 9295 Prototype Drive, Reno NV 89521 ("Assignee"), or its designees, all right, title, and interest that exist today and may exist in the future in and to any and all of the following (collectively "the Patent Rights"):

- (a) the provisional patent applications, patent applications, and patents listed in attached Schedule A ("the Patents");
- (b) all patents and patent applications (i) to which any of the Patents directly or indirectly claims priority and (ii) for which any of the Patents directly or indirectly forms a basis for priority and are filed after August 10, 2009;
- (c) all reissues, reexaminations, extensions, continuations, continuations in part filed after August 10, 2009, continuing prosecution applications, requests for continuing examinations, divisions, registrations of any item in any of the foregoing categories (a) and (b);
- (d) all foreign patents, patent applications, and counterparts relating to any item in any of the foregoing categories (a) through (c), including, without limitation, certificates of invention, utility models, industrial design protection, design patent protection;
- (e) all items in any of the foregoing in categories (a) through (d), whether or not expressly listed in Schedule A, and whether or not claims in any of the foregoing have been rejected, withdrawn, cancelled, or the like;
- (f) all rights to apply in any or all countries of the world for patents, certificates of invention, utility models, industrial design protections, design patent protections, or other governmental grants or issuances of any type related to any item in any of the foregoing categories (a) through (e), including, without limitation, under the Paris Convention for the Protection of Industrial Property, the International Patent Cooperation Treaty, or any other convention, treaty, agreement, or understanding;
- (g) all causes of action (whether known or unknown or whether currently pending, filed, or otherwise) and other enforcement rights under, or on account of, any of the Patents and/or any item in any of the foregoing categories (a) through (f), including, without limitation, all causes of action and other enforcement rights for:
  - (i) damages, past, present, or future;
  - (ii) injunctive relief;
  - (iii) any other remedies of any kind for past, current, and future infringement; and

- (iv) all rights to collect royalties and other payments under or on account of any of the Patents and/or any item in any of the foregoing categories (a) through (f).

AND for the same consideration, Assignor hereby represents and warrants to Assignee, its successors, legal representatives, and assigns, that, at the time of execution and delivery of these presents, except for any rights, titles, and/or interests that have arisen to Assignee under law or that have already been transferred to Assignee, Assignor is the sole and lawful owner of the entire right, title, and interest in and to the said inventions and application for the above-mentioned Patents, and that the same are unencumbered, except as expressly set forth in the Purchase and License Agreement and that Assignor has good and full right and lawful authority to sell and convey the same in the manner according to the terms of this Patent Assignment and the Purchase and License Agreement.

AND for the same consideration, set forth herein and in the Purchase and License Agreement, Assignor hereby covenants and agrees to and with Assignee, its successors, legal representatives, and assigns, that Assignor will sign all papers and documents, take all lawful oaths and do all acts necessary or required to be done for the procurement, maintenance, enforcement, and defense of any Patents and Patent applications for said inventions, whenever counsel of Assignee, or counsel of its successors, legal representatives and assigns, shall advise; that any proceeding in connection with said inventions, or said Patent application, or any proceeding in connection with any Patents or Patent applications for said inventions in any country, including but not limited to interference proceedings, is lawful and desirable; or, that any division, continuation, or continuation-in-part filed after August 10, 2009 of any Patent application, or any reissue, reexamination, or extension of any Patent, to be obtained thereon, is lawful and desirable.

AND Assignor hereby authorizes the respective patent office or governmental agency in each jurisdiction to issue any and all patents, certificates of invention, utility models, or other governmental grants or issuances that may be granted upon any of the Patent Rights in the name of Assignee, as the assignee to the entire interest therein.
